

August 1, 2018

Dr. Maria Hinojosa
Director, Institutional Planning,
Research, and Effectiveness
Saint Philip's College
1801 Martin Luther King
San Antonio, TX 78203

Dear Dr. Hinojosa:

Thank you for your letter of April 18, 2018, in response to our letter dated March 8, 2018, requesting additional information for the dual degree program with Wuxi Institute of Technology (WXIT), China, effective spring 2018. Specifically, we requested verification of the appropriate disclaimer statement to be used in all materials describing the relationship with WXIT. Your letter included a revised cooperation agreement between WXIT and St. Philip's College with appropriate signatures noting the required disclaimer statement concerning accreditation. The disclaimer statement must be included in all materials describing the dual degree program.

As noted in the original notification review (Commission letter dated March 8, 2018), upon completion of program requirements, students will be awarded the Associate of Applied Science degree in Mechanical Engineering and Automation from WXIT and an Associate of Applied Science degree in Manufacturing Operations Technician from the institution. The institution will teach 30% of the program credit hours at WXIT.

We accept notification of the dual degree program with Wuxi Institute of Technology, effective spring 2018, and request no additional information.

Sincerely,

Kevin W. Sightler, Ph.D.

Director of Substantive Change
