

2019 DISTINGUISHED GRADUATE

Okhai Omotuebe

Computer Programming

“If you don’t go after what you want, you’ll never have it. If you don’t ask, the answer is always no. If you don’t step forward, you’re always in the same place,”

- Nora Roberts

Okhai Omotuebe was born in Oyo State, Nigeria. He moved to the United States in 2016 to pursue an associate of applied science in computer programming at San Antonio College. His parents and family played a major role in his education by sponsoring his study abroad.

During his time at San Antonio College, from fall 2016 to spring 2019, he was a student ambassador, served as the Vice President of Scholarships for Phi Theta Kappa, Beta Nu Chapter, and worked with the Disability Support Services. He was also a member of the San Antonio College Men Empowerment Network (SACMEN), International Student Association and San Antonio College Honor Academy.

Okhai plans to transfer to the University of North Texas to pursue a bachelor of applied arts and sciences in the fall of 2019. His goal is to become a computer programmer. Ultimately, he plans to retire as a professor in computer programming and use his life experiences to give back to society.
