

2019 DISTINGUISHED GRADUATE

Monique Vogt-Mascorro

Business Administration

“Our greatest weakness lies in giving up. The most certain way to succeed is always to try just one more time.”

- Thomas A. Edison

Monique Vogt was born and raised in San Antonio. After she graduated high school, she thought the idea of college was out of reach because at that time no one in her family went to college. Monique is a proud mother and wife who works full-time and attends San Antonio College part-time. She is a non-traditional student who decided to enroll in college 16 years after high school. Even with obstacles and with balancing work life, family and student life, she anticipates to graduate in May 2019 with an associate in applied science in business administration. She has been recognized on the President’s and Dean’s Lists throughout her time at SAC. She looks forward to utilizing her degree at her current employer of 10 years, San Antonio Water System. Her advice to her son is that it is never too late to start a new journey, what matters is that you start.
