

Tiger Pride

There is always great news to share about our St. Philip's College family. The following achievements align with our College Strategic Objectives: Student Success, Performance Excellence, and Principle-Centered Leadership. Stay up to date with our faculty, staff, and student accomplishments by reading the President's Newsletter online at alamo.edu/spc/newsletter and follow us on social media @GOSPC.

Student Success

SPC ECHS Students Complete Phlebotomy Certificate

The Healthcare Technician: Phlebotomy Level 1 Certificate Program partnered with SPC Early College High School this past academic year. Ten students completed the certificate program and they are preparing for their certification exam. These are the first high school students to complete this program -- Ariana Apolinar, Isabel Garcia, Allison Herrera, Salin Lopez, Layla Monreal, Karen Montano, Mycal Munoz, Cassandra Oberg, Davina Pritchett and Alejandra Roldan. Adam Moya is the program director.

Performance Excellence

St. Philip's College Grad Named Exec Chef of Award-Winning Eatery

John Carpenter, St. Philip's College alumnus, was recently named Executive Chef of Signature, an award-winning restaurant located on the grounds of La Cantera Resort & Spa. The 70-seat eatery is known for its contemporary takes on French classics with a Texas flair. Carpenter is a graduate of the SPC Culinary Arts program. After earning his degree, he worked his way up the ranks in the kitchens of top San Antonio restaurants including Beat Street Bistro and Nao Gastro Bar.

SPC Redesignated as a National Center of Academic Excellence

St. Philip's College has been redesignated as a National Center of Academic Excellence in Cyber Defense (CAE-CD), a program jointly sponsored by the National Security Agency and Department of Homeland Security. The CAE-CD redesignation indicates that the institution is helping reduce threats to our national infrastructure by promoting higher education and research in cyber defense as well as providing the nation with a pipeline of qualified cybersecurity professionals. The designation offers opportunities to SPC students through increased collaboration with industry partners and enhanced internships available only to students from CAE-CD institutions.

Principle-Centered Leadership

SPC Earns 'Grow with Google' Grant for Career Readiness

St. Philip's College was awarded part of a \$2 million investment in the Hispanic Association of Community Colleges and Universities (HACU). The program will train 200,000 Latino students by 2025. The Grow with Google HSI Career Readiness Program will provide a semester-long in-person and online digital skills program. The initiative will combine career workshops, career counseling, and programming on design thinking, project management, and professional brand building. Twenty Hispanic Serving Institutions (HSIs) were awarded, including Northeast Lakeview College, Palo Alto College and San Antonio College.
