- For full list of important registration and payment dates and deadlines [CLICK HERE](#)

### June 2023 Hours of Operation

Mon - Thu	8:00 AM - 7:00 PM
Fri	Campus Closed
Sat 6/3	9:00 AM - 1:00 PM

## Summer 2023 Availability

Typically every summer SPC operates Monday-Thursday 8am-7pm and the campus is closed on Fridays. This year, there are several departments within Educational Support Services that will be available remotely on Fridays.

Please keep an eye out in your emails and [Tiger Press](#) for more details on which offices and services will be available remotely on Fridays.

## Congrats Grads!

Thank you to all the SPC family that helped coordinate and implement another successful graduation ceremony. Your work is greatly appreciated! [CLICK HERE](#) for a collection of photos from the event.

## Connect Students to Their First Year Experience!

The office of First Year Experience is developing a cohort of 100 students that will receive one-on-one guidance, peer mentoring, exclusive academic workshops, and access to learning community courses. If you know a student coming in for their first year at SPC, then please strongly encourage them to complete the interest form by using the following link:

### Message from our Vice President:

Greetings SPC Tigers,

Welcome to the summer classes of 2023! We hope you are enjoying the warm weather and the long days. As we begin this new term, we want to celebrate two important occasions: Juneteenth and Pride Month.

Juneteenth is a holiday that commemorates the end of slavery in the United States on June 19, 1865. It is a day to honor the resilience and contributions of African Americans throughout history and today. Pride Month is a celebration of the diversity and dignity of the LGBTQ+ community. It is a time to recognize the achievements and challenges of LGBTQ+ people and allies around the world.

Both Juneteenth and Pride Month remind us of the importance of freedom, justice, and equality for all people. They also inspire us to continue working towards a more inclusive and respectful society. As a college, we are committed to fostering a culture of diversity, equity, and belonging for everyone. We invite you to join us in learning from and celebrating these events.

In this newsletter, you will find information about upcoming activities, resources, and opportunities related to Juneteenth and Pride Month. We hope you will participate and enjoy them. We also encourage you to share your thoughts and experiences with us on our social media platforms.

We wish you a wonderful summer and a successful academic term.

As always, please reach out to me if I can be of service to you at: [wwells8@alamo.edu](mailto:wwells8@alamo.edu).

In service,  
Wesley B. Wells  
Vice President for Student Success St. Philip's College

# Work-Study Program Application Opening!

Monday, June 5th is the first day that students eligible for work-study funds may return to work for the Summer semester. If departments plan on having their work-study from the Spring 2023 semester return, then email [Jessica Cruz](#) in Financial Aid with their name and banner ID so that she may confirm their eligibility (if you have not done so already).

If you are looking to hire new work studies for either summer or fall, then refer them to the application that will open up on June 5th (link below). Be sure to ask new and incoming students for summer and fall if they hope to work on campus and if they have checked for work-study eligibility. Many are unaware of the opportunity, so please encourage them to check and apply: <https://bit.ly/ACDworkstudy>

## Summer Experiential Learning Opportunities

As the summer is getting started, students have an opportunity to dive into immersive experiential learning programs that go beyond the classroom. Whether it's a micro-internship, volunteering, or a hands-on research project, the possibilities are endless. Discover how these experiential learning opportunities can broaden your horizons, enhance your skills, and shape your future career path.

- **Centers of Excellence (COE) Summer Programs:** get paid to help the COE in Math or Science as they conduct summer programs to promote interest in STEM to the youth across San Antonio! Use links below for more details and to apply today:

- [COE Math Student Instructor Aid Application](#)
- [COE Science Student Instructional Assistant](#)

- **Grow with Google Career Readiness Program:** develop digital skills needed to find and secure internships and jobs that will help than build successful careers! Stipends and scholarships available to SPC students for participating. [CLICK HERE](#) for instructions on how to get started.

- **Google's Career Certificates:** the Alamo Colleges offers you six months of access to Google Career Certificates' flexible online training designed to put you on the fast track to jobs in high-growth fields. [CLICK HERE](#) for more details.

- **Parker Dewey Micro-Internships:** paid opportunities to demonstrate your skills, explore career paths, and expand your network without the commitment of a full semester. [CLICK HERE](#) for more details and to set up your profile through Parker Dewey today!

- **BiblioTech's Active Learning Resources:** free access to LinkedIn Learning, Mango Languages, Udemy, Master Class, and many more active learning platforms that teach topics ranging from practical life skills to advanced job skills! [CLICK HERE](#) for more details and check out the "Tutorials" section for instructions on getting set up with your BiblioTech digital library card.
