

# DATA POINT

AN ITEM OF FACTUAL INFORMATION DERIVED FROM MEASUREMENT OR RESEARCH

FEBRUARY 2020

## SPC FULL TIME AND PART TIME STUDENT SUCCESS METRICS

### PERSISTENCE

As seen in *Figures 38-1* and *38-2* (right top and right bottom), student persistence and 3-year graduation rates increased from fall 2017 to fall 2018 and between the fall 2015 and fall 2016 cohorts, respectively.

### GRADUATION

#### Institutional Planning, Research & Effectiveness

- Dr. Melissa Guerrero, Director
- TBD, IT Data Analyst
- Shanna Bradford, Coordinator of Measurement & Evaluation
- TBD, Administrative Services Specialist

Data Source: SPC IPRE

**GRADUATION CONTINUED**

As displayed in *Figures 38-3 and 38-4* (left), 4-year and 6-year graduation rates increased from fall 2013 to fall 2015 among full time and all student cohorts. Despite a decline in the 4-year part time graduation rate between the fall 2013 and fall 2014 cohorts, the 2015 part time cohort showed the highest rate at 21.7%.

Data Source: SPC IPRE

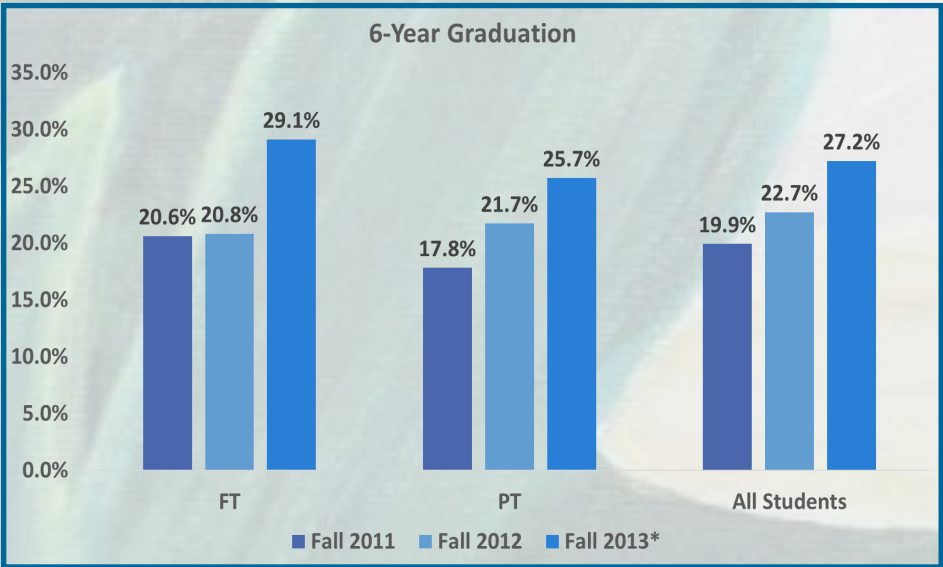

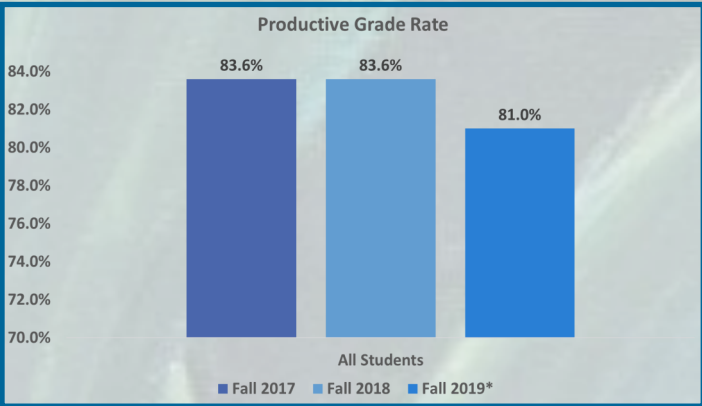

Figure 38-4: 6-year graduation rate by FT, PT, and all students 3 year comparison  
Data Source: SPC IPRE

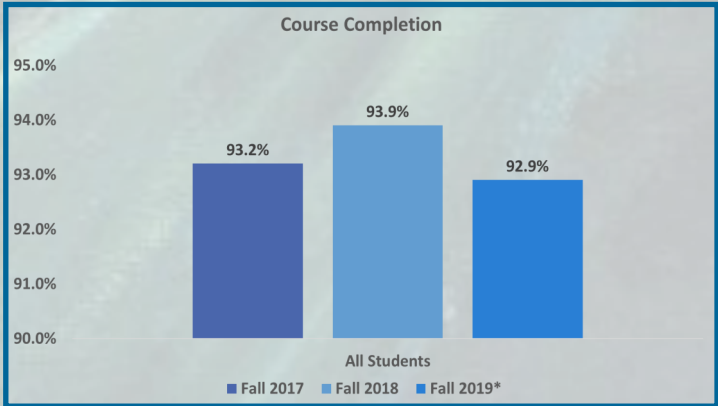

As shown in *Figure 38-5* (below left), SPC students consistently achieve Productive Grade Rate (PGR) above 80%. PGR is calculated based on student course completion with final course grades A, B, and C, while Course Completion (*Figure 38-6*, below right) demonstrates the percentage of all students who completed courses. As seen in *Figure 38-6*, SPC students consistently attain greater than 90% course completion.
