Quality Enhancement Plan – Ethical Decision-Making

St. Philip's College is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC). Part of this process is the QEP (Quality Enhancement Plan) to promote student success. Our QEP topic is Ethical Decision-Making.

QEP Focus: Ethical decision-making is the ability to connect values and choices to actions and consequences.

QEP Goal: Students engage in specific measurable academic activities to enhance their ethical decision-making skills.

Ethical Decision-Making Process:

- * Stop and think to determine the facts.
- * Identify the options.
- * Consider consequences for yourself and others.
- * Make an ethical choice and take appropriate action.

MESSAGE FROM OUR VICE-PRESIDENT:

Greetings, SPC Tigers!

It is Homecoming month here at St. Philip's College! As we celebrate the rich history and legacy of our 121 year-old institution, several events will take place throughout the month and your participation is GREATLY encouraged. Have a great semester and know that St. Philip's College is committed to supporting you along your academic pathway.

St. Philip's College AlamoCARES

For more information, contact Dr. Mordecai Brownlee, Vice President of Student Success at 210-486-2252.

St. Philip's College is committed to providing a supportive learning environment and to fostering safe, healthy relationships among our students. In this effort, Alamo Colleges District initiated AlamoCARES, a prevention, education and support program regarding dating violence, domestic violence, sexual assault and stalking. It is our sincere hope that AlamoCARES will empower you to make well-informed decisions about life issues that affect your college years and beyond.

Within the AlamoCARES site, you will find information on rights granted by **Title IX** and resources to help educate and assist you when dealing with harassment and sexual violence. Coming soon are events, training and opportunities to bring awareness when dealing with difficult issues and creating discussion opportunities with students. Visit us at <http://alamo.edu/spc/alamocares/> for more information.

The Alamo Colleges District encourage individuals to bring forward information/complaints about sexual harassment and sexual violence. **Retaliation** against any **individual who reports or participates** in the investigation of alleged violations is **strictly forbidden** and will be **enforced** by the College administration.

If you believe you have experienced **Sexual Misconduct** you may consider the following options:

- Contact **Campus Police** at 210-485-0099 (non-emergency) or 210-485-0911 (emergency)
- Seek **medical attention** at a hospital or with a physician
- **Report the incident** at www.alamo.edu/TitleIXCoordinator/ (call John Martin 210-486-2746)
- **Contact SPC Counseling Services** at 210-486-2333 (for confidential counseling and or referrals)
- Contact **parents, relatives or close friends** for support

H.1.1 Equal Education and Employment Opportunities (Policy) www.alamo.edu/district/policies/
AlamoCARES has additional **Title IX** information and resources at: www.alamo.edu/spc/AlamoCARES

ATTENTION STUDENTS!

All entering freshmen, former and transfer students are now required to complete "**Sexual Assault Prevention for Community Colleges**". Sexual Assault Prevention for Community Colleges is an online survey and course addressing critical life skills. The training is our way of informing St. Philip's College students about **Title IX** standards, reporting violations and resources available. **All entering freshmen, former and transfer students are required to complete the training before the end of their first semester of classes at St. Philip's College (to avoid a registration hold being placed on their account).**

To access the Sexual Assault Prevention for Community Colleges training:

1. Always sign in through ACES at <https://alamoaces.alamo.edu>.
2. Look for the AlamoCARES box on the Student tab and read the important message before accessing the course. Note: an alternative training is available; see your Vice President for Student Success for assistance.
3. Click on the link provided, and complete the confidential pre-survey at the start of the course. The Alamo Colleges District does not receive a copy of your responses.
4. The quiz at the end of the course is required to document your completion, but the score is not recorded and will not impact you in any way. Completion is documented on your student record.

You Have the Right to Feel Safe.

Census 2020 is Coming ... Are You Ready? Your Participation Matters

Taking part is your civic duty

Completing the census is required: it's a way to participate in our democracy and say "I COUNT!"

Everyone Counts

The census counts every person living in the U.S. once, only once and in the right place.

It's about fair representation

Every 10 years, the results of the census are used to reapportion the House of Representatives, determining how many seats each state gets.

It's about \$675 billion

Census data determine how more than \$675 billion are spent, supporting your state, country and community's vital programs.

CENSUS 101: WHAT YOU NEED TO KNOW
The 2020 Census is closer than you think!
Here's a quick refresher of what it is and why it's essential that everyone is counted.

- Everyone counts.**
The census counts every person living in the U.S. once, only once, and in the right place.
- It's about fair representation.**
Every 10 years, the results of the census are used to reapportion the House of Representatives, determining how many seats each state gets.
- It's in the constitution.**
The U.S. Constitution mandates that everyone in the country be counted every 10 years. The first census was in 1790.
- It's about \$675 billion.**
The distribution of more than \$675 billion in federal funds, grants and support to states, counties and communities are based on census data. That money is spent on schools, hospitals, roads, public works and other vital programs.
- It's about redistricting.**
After each decade's census, state officials redraw the boundaries of the congressional and state legislative districts in their states to account for population shifts.
- Taking part is your civic duty.**
Completing the census is mandatory: it's a way to participate in our democracy and say "I COUNT!"

What should I do if I believe an enforcement action has taken place that is inconsistent with this guidance? DHS has explained that there are a number of locations where an individual may lodge a complaint with DHS about a particular immigration enforcement action that may have taken place in violation of these or other policies. You may find information about these locations, and information about how to file a complaint, on the DHS website at <https://www.dhs.gov/>, the CBP website at <https://www.cbp.gov/>, or ICE website at <https://www.ice.gov/>.

You may contact ICE Enforcement and Removal Operations (ERO) through the Detention Reporting and Information Line at 888-351-4024 or through the ERO information email address at ERO.INFO@ice.dhs.gov, also available at <https://www.ice.gov/webform/ero-contact-form>. The Civil Liberties Division of the ICE Office of Diversity and Civil Rights may be contacted at 202-732-0092 or ICE.Civil.Liberties@ice.dhs.gov.

You may contact the CBP Information Center to file a complaint or compliment via phone at 877-227-5511, or submit an email through the website at <https://help.cbp.gov>.

Where should I report discrimination if I believe it is taking place in my school? Anyone with information about discrimination occurring in schools, including discrimination on the basis of race, color, or national origin (which may include citizenship or immigration status), may file a complaint by contacting the U.S. Department of Education, Office for Civil Rights via <https://www.state.gov/s/ocr/>, 800-421-3481 or TDD: 800-877-8339 (for language assistance contact 800-USA-LEARN (800-872-5327)) or by contacting the U.S. Department of Justice, Civil Rights Division, Educational Opportunities Section via <https://www.justice.gov/crt/educational-opportunities-section>, 877-292-3804, or TTY: 800-514-0383.

Deferred Action (Continued)

For more information contact Carmen De Luna-Jones at 210-485-0280.

Will enforcement actions ever occur at sensitive locations? DHS has explained that immigration enforcement actions may occur at sensitive locations in limited circumstances, but should generally be avoided. DHS officers and agents from U.S. Immigration and Customs Enforcement (ICE) or U.S. Customs and Border Protection (CBP) may conduct an enforcement action at a sensitive location only with prior approval from an appropriate supervisory DHS official, or if the enforcement action involves exigent circumstances related to national security, terrorism, or public safety, or where there is imminent risk of destruction of evidence material to an ongoing criminal case.

For more information about these civil rights protections, please see the U.S. Department of Education and U.S. Department of Justice joint Dear Colleague letter at <https://www2.ed.gov/about/offices/list/ocr/letters/colleague-201309.html>

Immigrant Students' Rights to Attend Public Schools

This alert is a reminder that public schools, by law, must serve all children. The education of undocumented students is guaranteed by the *Plyler vs. Doe* decision, and certain procedures must be followed when registering immigrant children in school to avoid violation of their civil rights.

In *Plyler vs. Doe*, the U.S. Supreme Court ruled that children of undocumented workers and children who themselves are undocumented have the same right to attend public primary and secondary schools as do U.S. citizens and permanent residents. Like other students, children of undocumented workers in fact are required under state laws to attend school until they reach a mandated age.

School personnel – especially principals and those involved with student registration and enrollment – should be aware that they have no legal obligation to enforce U.S. immigration laws.

This decision is vital because practices that deny or discourage immigrant children and families from public schooling do the following...

- ...**victimize innocent children** – Children of undocumented workers do not choose the conditions under which they enter the United States. They should not be punished for circumstances they do not control. Children have the right to learn and be useful members of society.
- ...**are counterproductive for the country** – Denying children access to education does not eliminate illegal immigration. Instead, it ensures the creation of an underclass. Without public education for children, illiteracy rates will increase and opportunities for workforce and community participation will decrease. Research has proven that for every \$1 spent on the education of children, at least \$9 is returned.
- ...**waste valuable time while losing sight of principal goals of public education** – Rather than teaching students, school officials would spend their time asking our millions of school children about their citizenship status. States would be forced to spend millions of dollars to do the work of the U.S. Immigration and Customs Enforcement (ICE) agency.
- ...**promote misinformation** – Incorrect assumptions and inappropriate figures have been used to blame immigrants and their children for economic problems.
- ...**encourage racism and discrimination** – In turbulent, financially troubled times, immigration often becomes a focal point of public discourse. Many consider a preoccupation with the immigration status of children of undocumented workers to be a form of discrimination and racism.

agency gets a court order (subpoena) that parents can then challenge. Schools should note that even requesting such permission from parents might act to "chill" a student's *Plyler* rights.

The U.S. Department of Justice and the U.S. Department of Education in 2014 clarified the intent of the *Plyler* ruling in a letter advising school officials that activities that deny or discourage students to attend school are unlawful. The letter begins, "Under federal law, state and local educational agencies are required to provide all children with equal access to public education at the elementary and secondary level."

At IDRA, we are working to strengthen schools to work for all children, families and communities. Help us make this goal a reality for every child; we simply cannot afford the alternatives. Denying children of undocumented workers access to an education is unconstitutional and against the law.

You can also visit IDRA's website for a printable flier in English and Spanish as well as a copy of the letter from the U.S. Department of Justice and the U.S. Department of Education (May 2014). The site also has links to sample resolutions by school districts across the country that are issuing and updating policies to protect students' rights in light of uncertainty regarding federal immigration enforcement activities in their schools.

FACT SHEET FOR FAMILIES AND SCHOOL STAFF: LIMITATIONS ON DHS IMMIGRATION ENFORCEMENT ACTIONS AT SENSITIVE LOCATIONS

All children have a right to a free public education, regardless of their actual or perceived immigration or citizenship status or that of their parents.¹ Education leaders, teachers, students, and families, have asked questions about guidance that was released by the U.S. Department of Homeland Security (DHS) that limits immigration enforcement actions from occurring at schools and other “sensitive locations.” This DHS guidance is at: <https://www.cbp.gov/border-security/sensitive-locations-faqs>. To respond to those questions, the U.S. Department of Education has worked with DHS to prepare this fact sheet, intended to help parents, families, educators, and other school staff understand the DHS guidance.

In general, DHS has explained that immigration enforcement actions may not occur at or in “sensitive locations.”

These locations include:

Schools, such as known and licensed daycares, pre-schools and other early learning programs; primary schools; secondary schools; post-secondary schools up to and including colleges and universities; as well as scholastic or education-related activities or events.

School bus stops that are marked and/or known to the officer, during periods when children are present at the stop.

Medical treatment and health care facilities, such as hospitals, doctors' offices, accredited health clinics, and emergent or urgent care facilities.

Places of worship, such as churches, synagogues, mosques, and temples.

Religious or civil ceremonies or observances, such as funerals and weddings.

During public demonstrations, such as a march, rally, or parade.
