SACSCOC requested additional information by email and phone. All institutional responses have been added to the record and are incorporated into the narrative below.

As a reminder – should this site (or others) begin or expand offerings such that 50% or more of a program is offered at the site – off-campus instructional sites that require approval must be approved by extensive review if (1) the institution has less than two sites already approved by extensive review -OR- (2) the institution is on Substantive Change Restriction.
