

Connecting your MAC OS X Device to a Wireless Network

<p>1. Click the Wi-Fi icon at the upper right corner of your toolbar.</p>	
<p>2. Select Turn Wi-Fi On.</p>	
<p>3. Select the Wireless Network Name (SSID) of network you want to connect to.</p>	
<p>4. Enter your Alamo College Student Email, and then tap Log In.</p>	
<p>5. Now you are connected to wireless network. The bars on the icon indicate the signal strength. Clicking the wireless icon will show the name of the network you're currently connected to.</p>
