Strategic Planning Year-End Activities

Obtain Data for Year-End Review/Analysis

Obtain data relevant to the unit's strategic plan to review at the Pre SAC Scores Work Session. In obtaining the data, and looking forward, consider:

- ☐ What data is required for the review?
- ☐ Where is the required data?
- ☐ Will the data be retrieved via internet, USB, etc.?
- ☐ Who will present the data?
- ☐ How will data presentation occur?
- ☐ What conclusion(s) does the data present?
- ☐ Who will document the findings/results of the analysis in WEAVEonline?
