Quality Enhancement Plan - Ethical Decision-Making

St. Philip's College is in the process of reaffirmation by the Southern Association of Colleges and Schools (SACS). Part of this process is the QEP (Quality Enhancement Plan) to promote student success. Our QEP is Ethical Decision-Making.

QEP Focus: Ethical decision-making is the ability to connect choices and values with actions and consequences.

QEP Goal: Students engage in specific measurable activities that will provide opportunities to enhance their ethical-decision-making skills.

Ethical Decision Making Process

- Stop & Think - Determine Facts
- Identify the options
- Consider consequences for yourself and others
- Make an ethical choice and take appropriate action

You are encouraged to consider this framework when making decisions.
