

Alamo Community College District Historical Tax Rate by Fiscal Year

The Alamo Community College District (Alamo Colleges District) has legislative authority to assess and collect ad valorem taxes of properties within its district, which is Bexar County. The tax rate is set annually by the Board of Trustees in conjunction with the annual budget process.

Tax rates are assessed per \$100 of the value of the property.

The tax rate is comprised of two components:

- The **Maintenance and Operations (M&O)** rate funds approved maintenance and operating expenses for the year.
- The **Interest and Sinking (I&S)** rate, sometimes referred to as the Debt rate, is determined by the annual debt service requirements on tax-supported bonds.

The Bexar County Appraisal District is responsible for appraising all real and business personal property within Bexar County. The following is the link to their website:
