For more details about fully online degrees, certificates, and other offerings, visit: alamo.edu/online/offerings

A 100% online program or other offering has all courses offered fully online and does not require you to come on campus or on an external site except for required proctored exams or to participate in a clinical, internship, cooperative education, or practicum site.

Did you know?

The differences between remote and online learning

While some students prefer face-to-face courses, others prefer to learn in a virtual environment.

Online learning and remote learning may sound similar, but they have different meanings. Before choosing your learning method, make sure you understand the difference so you can select the mode of delivery that is right for you.
