For more details about fully online degrees, certificates, and other offerings, visit: alamo.edu/online/offerings

A 100% online program or other offering has all courses offered fully online and does not require you to come on campus or on an external site except for required proctored exams or to participate in a clinical, internship, cooperative education, or practicum site.

Did you know?

You can stack credentials and reach your degree

At our five Alamo Colleges, stackable credentials can get you on the path to a two or four-year degree.

As you begin to explore your educational options, you might come across the term stackable credential. A stackable credential means they can build upon one another—in other words, you can earn a smaller award and apply those credits to a larger credential later.

To learn more on how you can start small and finish big with stackable credentials and educational pathways, visit: alamo.edu/online/blog/stackable
