## HOW FAR WE'RE GOING

### New Facilities-Capital Improvement Plan

The recent capital improvement program totaling \$450 million has allowed us to create some of the best facilities for teaching and learning in the country with 8 projects completed, 11 projects in construction, and several more in the planning stages.

I am amazed at how the new Tourism, Hospitality and Culinary Arts building turned out. It's huge, with so many kitchens and so much equipment. It's really breathtaking. The instructors push me to be the best I can.

**Erica Garcia**  
St. Philip's College

### New Programs- Nursing Baccalaureate

We now offer a new registered nurse-to-Bachelor's of Science nursing program at San Antonio College. We plan to expand baccalaureate program offerings at other colleges.

### More Support - AlamoBOOKS+

We are now providing all required textbooks and course material rentals to returning and new students in the Spring 2022 and Summer 2022 semesters free of charge. In partnership with Barnes and Noble College.

## ACCOMPLISHMENTS

Four ACD campuses were awarded the Veteran Education Excellence Recognition Award

**\$18,748,782**

Total dollars raised by the Alamo Colleges Foundation in 2021.

To support a student, visit [alamo.edu/give](http://alamo.edu/give).

## SUPPORT NO MATTER WHAT

In 2021, we invested in our students and our community.

## 2021 BY THE NUMBERS:

**65,000+**  
Enrolled students (and growing)

**350+**  
Degree and certificate programs

**25,691**  
Individuals served through SA Food Bank Partners

**7,014**  
Calls to our helpline

**\$47,200,000**  
Total emergency aid awarded

**10,645** Degrees and certificates awarded in 2021

## BOARD OF TRUSTEES

Dr. Gene Sprague - **Chair**  
Dr. Yvonne Katz - **Vice Chair**  
Aja Leija - **Student Trustee**

# SUPPORTERS OF THE ALAMO COLLEGES DISTRICT,

We are grateful for the community's support of our vision for the future.

This past year, the Alamo Colleges District has further expanded opportunities to make higher education accessible and affordable for all.

Our five colleges offer a vast array of programs — from certificates and short-term training programs to associate degrees and now baccalaureate programs, and all the support to help students get there.

Our credits transfer to four-year universities for those pursuing their bachelor's or a higher degree. And our workforce development programs help individuals build new careers and meet the needs of businesses.

The Alamo Colleges District is doing more than ever to empower our diverse communities for success.

We thank our faculty, Board, and community partners for your vital support of this mission.

# MADE FOR YOU!

## HOW FAR WE'VE COME

### Advocacy

As part of our commitment to student success and meeting the needs of students experiencing poverty, we implemented on-campus advocacy centers across all five of the Alamo Colleges.

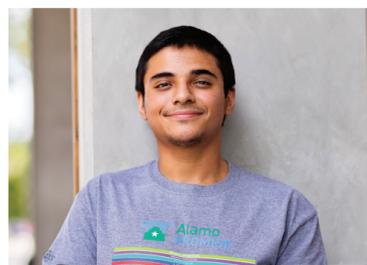

Markisha Beacham  
San Antonio College

“The student advocacy center reduced my stress as a single mother and allowed me to concentrate on my studies. The Alamo Colleges District has become my partner in life.”

### AlamoPROMISE Expansion

Now in its third year, AlamoPROMISE is serving 11 school district partners and over 30 schools, providing tuition-free college to reach more students across the region.

Matthew Ramos  
St. Philip's College

“The opportunity to have my associate degree paid for me is life-changing. I would not have been able to attend college without AlamoPROMISE. This opportunity is giving me a better chance at life for me and my family.”

### Healthcare Access - Wellness360

We made healthcare available to our students through our partnership with UT Health San Antonio's Wellness 360 program.

Talia Christian  
Northeast Lakeview College

“By having a healthcare resource that is a quick phone call or a quick stop, more students will feel empowered to make their health a priority.”

### Student Emergency Aid

In 2021, we continued our Keep Learning plan to keep students in college and on track in the face of COVID-19 challenges. The multi-tiered strategy relieves the financial burden of tuition and fees through scholarships and allows most financial aid to be used for living expenses.

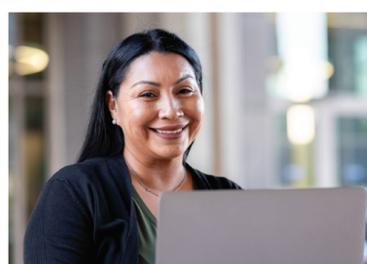

Aja Leija  
San Antonio College

“Even during unprecedented times, the District's mission was unchanged: to remain focused on student success and access, putting students first and empowering the community.”

### Remote Learning

We provided 21,650 students access to higher education through our online community, all five of our Alamo Colleges continue to offer fully online programs and support services.

Jennifer Perez  
AlamoONLINE/Palo Alto College

“Online classes were flexible for me having a full-time job and children. Graduating is going to be a blessing to my family. It will help us be financially stable and teach my children to never give up.”
