## Northwest Vista College Strategic Plan 2024-2026

**Strategic Vista 1:** NVC will provide welcoming, compassionate, and affirming environments for all students and employees.

**Narrative:** Providing welcoming and affirming spaces means that NVC recognizes that a sense of safety and belonging is foundational to success. It begins with creating intentional spaces where students and employees are included and validated. We create this culture through relationships, experiences, personal and professional development, environment, teaching approaches, and other liberatory practices.

### **Goal 1.1:** Belonging and Inclusion

**Structured Servingsness 1.1.a:** NVC collects, disaggregates, and analyzes student data for impact on student success outcomes.

**Structured Servingsness 1.1.b:** NVC implements evidence-based practices to ensure equitable student success outcomes.

### **Goal 1.2:** Validation

**Structured Servingsness 1.2.a:** NVC implements culturally relevant practices in instruction and support services.

**Structured Servingsness 1.2.b:** NVC provides support to students where they are at by providing bridges from developmental and co-requisite education to success in college-level curriculum.

**Structured Servingsness 1.2.c:** NVC provides curriculum that advances critical consciousness.

### **Goal 1.3:** Culture of care, compassion, and awareness

**Structured Servingsness 1.3.a:** NVC employees nurture a culture of belonging for students, for themselves, and for fellow employees.

**Structured Servingsness 1.3.b:** NVC promotes an in-depth understanding of the world, allowing for the perception and exposure of social and political contradictions, and taking action against the oppressive elements in one's life that are illuminated by that understanding.

**Structured Servingsness 1.3.c:** NVC ensures that students and employees have access to programs, services, and resources that address their educational, social, and occupational needs and promote exploration, growth, and leadership.
