

Good morning NVC Colleagues,

Thank you for your philanthropic support and charitable donations during the 2019 Alamo Colleges District Employees Giving Back Campaign. Together, we achieved 59% participation and raised \$50,373 in 2019! Our 2020 goal is to remain a majority giving campus.

Due to the COVID-19 pandemic, our students and community need our support now more than ever. As students continue to work on the front lines for minimum wage, homeschool their children while earning a degree, and experience socioeconomic disparity and inequities, we can help alleviate the burden of how students are going to pay for their school and basic necessities.

Here, at Northwest Vista College, we call our campaign, “**Wildcats Together.**” Our campaign is our chance to give to a cause bigger than ourselves. While NVC is continually fundraising, our community is facing unprecedented times. Therefore, we need your participation to make our efforts go even further. Your donation is crucial to our efforts of a good quality of life for our students, faculty, and staff. Listed below are the top 5 NVC recommendations; however, there are numerous funds online that you may choose to support.

- Mexican American Studies 640075
- Lynne Dean Endowed Scholarship 440001
- Vista Food Pantry 340083
- NVC Art Fund 340051
- Beverly Evans Memorial Scholarship 640006

Donations at this time are limited to: (1) payroll deduction or (2) credit card online through ACES.

This year, Northwest Vista celebrates its 25th year. While we are proud of the many awards and achievements we have garnered over the years, let this be one of our greatest accomplishments.

Please join me in giving to this year’s **NVC Wildcats Together Campaign** by making a donation today. Remember, it’s not the amount you give, but your participation that makes a difference!

This year, there is a new single-sign on through your Aces/Employee Tab/ Employee Giving.

Our Mission. Our Students. Our Community.

With Sincere Gratitude,

Dr. Ric N. Baser,
