## HISTORY

San Antonio College was established as University Junior College in September 1925, under the auspices of the University of Texas. The following year, control of the college was transferred to the San Antonio Independent School District and the name was changed to San Antonio Junior College. Following the passage of state legislation authorizing junior college districts, the San Antonio Union Junior College District was formed in 1945 and it assumed control of San Antonio Junior College and its sister college, St. Philip's Junior College. In 1948, San Antonio Junior College's name was changed to San Antonio College and in 1951, the college moved to its present location on San Pedro Avenue. Five hundred students were enrolled at that time. The Southern Association of Colleges and Schools (SACS) granted the College accreditation in 1955.

In the late 1960s, San Antonio College became a comprehensive community college by expanding offerings in occupational and technical courses and by assuming the San Antonio Independent School District's continuing education program. The name of the college district was changed San Antonio Community College District in 1978 and again in 1982 to its current moniker, Alamo Community College District.

In support of the mission of the Alamo Community College District, San Antonio College responds to Bexar County's diverse community by providing high quality general education, liberal arts and sciences, career education, continuing education, and developmental education. The college continues to grow, serving an average semester enrollment of 23,000 credit students. San Antonio College is the largest single-campus community college in Texas and one of the largest in the United States.
