Operation #1695774 KIDS' CAMP-St. Philip's College

Dear Randall Dawson

Child Care Licensing has received your exemption request for KIDS' CAMP-St. Philip's College. Based on the information we reviewed, your program is exempt from HHSC regulation under HRC §42.041(b) (18).

40 TAC §745.129-Miscellaneous Program

jivera

(2) Single Skill Program

A program that teaches a single skill, talent, ability, expertise, or proficiency is exempt from regulation by Licensing, if the program:

- offers direct instruction for one talent, ability, expertise, or proficiency;
- •does not provide other services that are not directly related to the single skill, talent, ability, expertise, or proficiency;
- •informs each parent that it is not regulated by Licensing; and
- •does not advertise or represent as a regulated operation.

Changes in law require programs to inform Licensing if at any time the program no longer meets any criterion for the exemption. HHSC may seek injunctive action and/or civil penalties against a person who:

- Knowingly fails to meet a criterion of an exemption and engages in activities that require a license or registration from HHSC; or
- Fails to inform HHSC of a change in status in a program that would require the program to be licensed or registered.

Should you decide to change your program, you must contact me to determine if the changes will affect your exempt status. Please feel free to contact me if you have any questions.

Sincerely
