WHEN YOU'RE A STUDENT, LEARNING IS YOUR JOB!

The Disability Services (DS) office is committed to providing all students including our distance education students with equal access to quality education and providing reasonable accommodations to eligible students. In addition to serving as an advocate for students with disabilities, our office also works closely with faculty and staff members in order to monitor students' progress and encourage a positive educational experience.

HIGH SCHOOL VERSUS COLLEGE

College is different from the high school system with regards to students with disabilities. College does not require parental involvement. The student must meet the expectations of each course/program. Accommodations are provided to level the playing field for success.
